

AUBURN HEIGHTS PRESERVE

GUN CLUB ROAD

COMPLETED FOR SPRING OF 2015

Gun Club Road project includes:

- Widening and repaving of 580 feet of Yorklyn Road at the new intersection with turn lanes and better lines of sight.
- Demolition of building, slabs, structures, and overhead utilities on the NVF site.
- Installation of a temporary stream diversion.
- Realignment of a stream running through the NVF site allowing for future remediation.
- Construction of 700 feet of realigned road out of the 100 year flood plain.
